Juneau Automated Flight Service Station
9230 Cessna Drive
Juneau AK 99801-9377

ISSUED: 8/18/06

EFFECTIVE: 8/31/2006

Juneau Automated Flight Service Station LETTER TO AIRMEN NO. 06-2

SUBJECT: Ketchikan Flight Service Station (KTN FSS) Reduced Hours of Operation

CANCELLATION: 8/31/2007

Effective August 31, 2006 at 9:15 PM local time, KTN FSS hours of operation will be temporarily reduced to 6:15 AM to 9:15 PM local time. This reduction is due to a staffing shortage at the facility. Normal 24 hour operations should resume when staffing levels allow.

During the hours KTN FSS is closed Juneau Automated Flight Service Station (JNU AFSS) will monitor their radio outlets. VHF Direction Finder (DF) services will be available on the Annette Island DF. Pilot weather briefing and flight planning services will be available by radio and by telephone at 1-800-WX-BRIEF or 1-866-297-2236. The Ketchikan automated weather observation will be available by phone or radio on ATIS.

IFR services will be available. Special VFR services will be available. Simultaneous SVFR/IFR operations authorized by Letter of Agreement to Specified Air Taxi/Commercial Operators via the "Revilla Corridor" is only available during the hours Ketchikan FSS is open.

Ketchikan Airport lighting will be available via Pilot Controlled Lighting (PCL) on 123.6 Mhz.

Please review the "Ketchikan International Airport Special Air Traffic Rules and Airport Traffic Patterns (14 CFR Part 93)" in the regulatory notices section of the Alaska Supplement for procedure changes when KTN FSS is not open.

Carmen Amos

Acting Air Traffic Manager: Juneau Automated Flight Service Station
